

Mission, Vision, Guiding Principles

GIDEP Mission

Foster technical information sharing among Government and Industry partners to:

- ◆ Increase systems' safety, reliability and readiness
- ◆ Reduce systems' development, production and ownership costs

GIDEP Vision

GIDEP is the pre-eminent forum to exchange timely, value added, technical information at a reasonable cost. We:

- ◆ Are integrated into customer business processes
- ◆ Are the first choice of Government and Industry for technical information

GIDEP Guiding Principles

1. GIDEP focuses on customer needs through continuous process improvement, effective communications and feedback, and responsive lessons learned. (People)
2. GIDEP's success relies on an active network of people sharing comprehensive, reliable, and relevant information. (People)
3. GIDEP uses relevant technology to accommodate our customers' information requirements. (Business)
4. The GIDEP community respects the opinion and concerns of all its members, and strives to satisfy their needs. (Business)
5. The GIDEP community is a cooperative team committed to the program's success. (Business)
6. GIDEP is accountable to the programmatic requirements of its resource sponsors. (Accountability)

Government-Industry
Data Exchange Program

1999–2004 GIDEP Strategic Plan

***Working together for increased
readiness and reduced costs
through information sharing***

GIDEP Strategic Goals

Goal #1

Broaden active participation in GIDEP

Goal #2

Ensure GIDEP satisfies customer needs

Goal #3

Improve efficiency and effectiveness of GIDEP through automation

Goal #4

Document, promote, and mentor good business practices within the GIDEP community

Goal #5

Improve effectiveness of the GIDEP management team

Performance Objectives

Goal 1:

Broaden active participation in GIDEP

- Performance Objective A:
Obtain management commitment to participate in GIDEP
- Performance Objective B:
Increase the number of participating activities that submit and use data, and report benefits
- Performance Objective C:
Extend program scope

Goal 2:

Ensure GIDEP satisfies customer needs

- Performance Objective A:
Continuously identify customer needs
- Performance Objective B:
Increase access to relevant information
- Performance Objective C:
Increase submission of relevant information
- Performance Objective D:
Become a center of excellence for metrology data and its distribution

- Performance Objective E:
Continuously adapt GIDEP to satisfy new requirements

Goal 3:

Improve efficiency and effectiveness of GIDEP through automation

- Performance Objective A:
Implement an incremental utilization reporting system
- Performance Objective B:
Further automate the batch processing system
- Performance Objective C:
Increase electronic submission of data
- Performance Objective D:
Research and incorporate new technology, and identify and replace outdated technology

Goal 4:

Document, promote and mentor good business practices within the GIDEP community

- Performance Objective A:
GAG and IAG obtain, approve, and submit for distribution, their organization's practices and processes involving GIDEP information.

Goal 4: (continued)

- Performance Objective B:
Develop a comprehensive education program which shows how GIDEP can benefit industry or a government agency. Aim this program at the corporate management, GIDEP representative, and information user levels
- Performance Objective C:
Become a measure of merit in; system reviews, audits, source/contract selections, and other relevant evaluation criteria
- Performance Objective D:
Compare GIDEP against a national standard using a self test

Goal 5:

Improve effectiveness of the GIDEP management team

- Performance Objective A:
Review and adjust IAG and GAG roles and responsibilities
- Performance Objective B:
Align IAG and GAG objectives to those in the GIDEP Strategic Plan
